

COVID-19:

CESB Analysis in Ages 15-24 in Ontario

74%

of students aged 15-24 from Ontario had received payments after applying for CESB. A total amount of 1,050,526. This helped students who were impacted by COVID get financial help and back onto their feet.

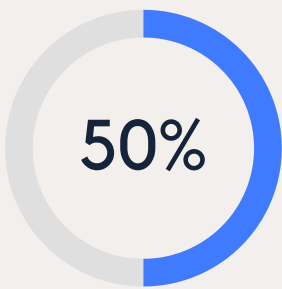

Since CESB is Over, Billions is Still Left in Pot

CESB ended on August 29, 2020, ending the 16 week period for students. CESB helped support more than 700,000 students, paying out a total of \$2.92 billion dollars. The program went wide of their budget by \$2.33 billion.

Payments Made for Base CESB

Payments Made for Enhanced CESB

Applications of both Base & Enhanced CESB

Age Group 15 to 24

CESB provides students a monthly payment of \$1,250 for the next four months compared to CERB where people eligible are making \$2,000 a month. This leaves students a lost of \$750.

Even though most students have jobs, this causes students who had a job apply for CERB more then CESB.
